Scissor

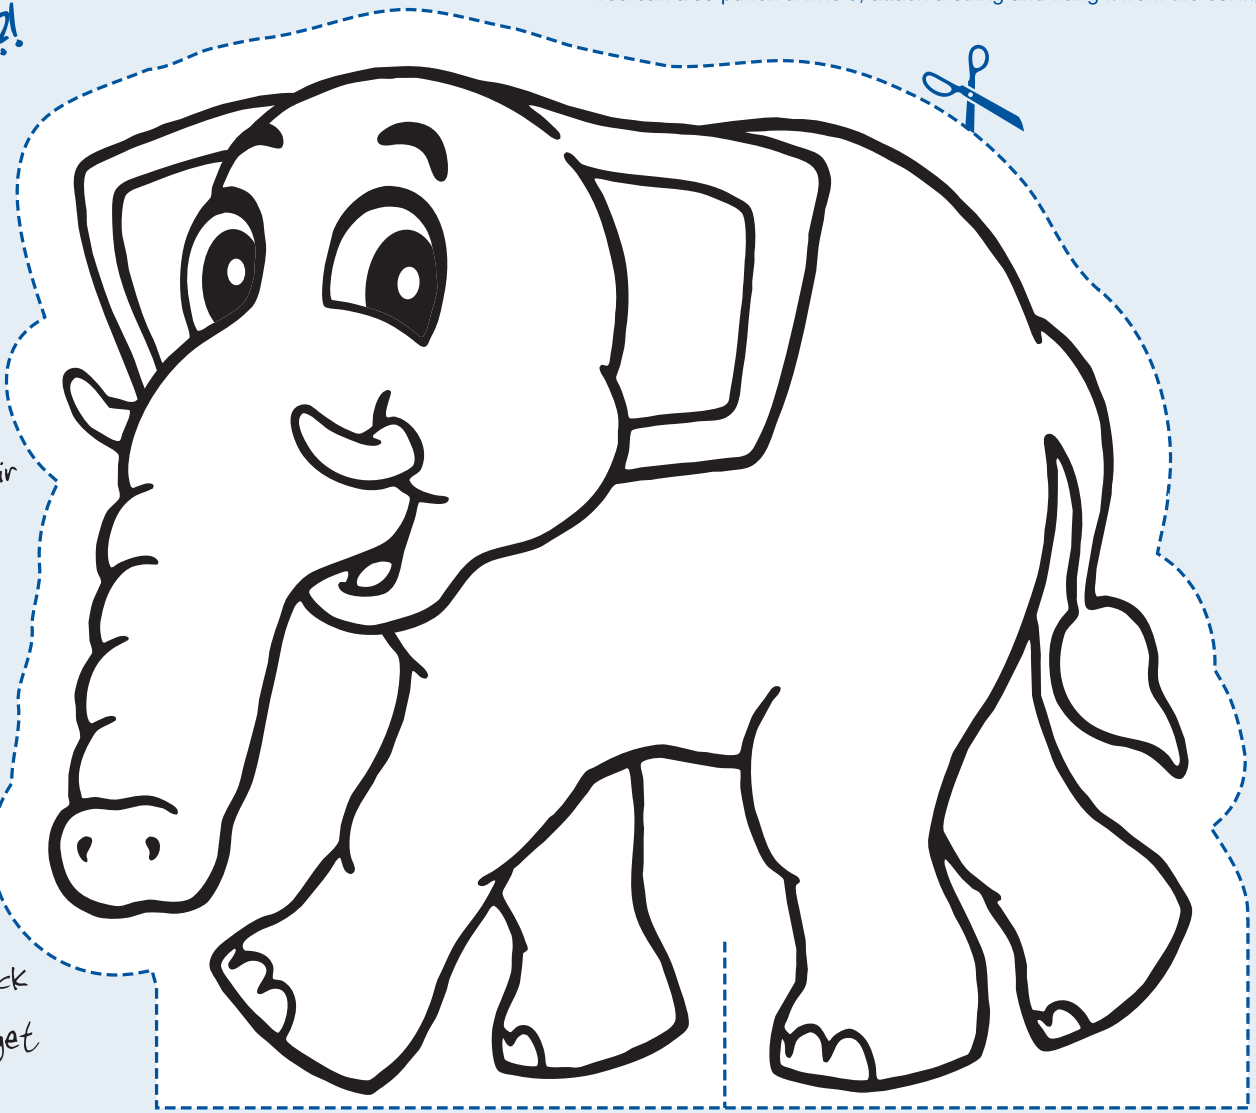

Hints: Print this file and colour in the drawing.
Cut along the dotted line and put it up on your wall or window.
Or glue the paper onto a piece of card first, then cut along the dotted line
and use the stand for easy display on a desk or bookshelf.
You can also punch a hole, attach a string and hang it from the ceiling.

Did you know?!

Elephants are
the largest
animals on land.

When they get
hot they use their
trunks to spray
water and mud on
themselves and
their large ears
as fans.

Elephants sleep
standing up and
despite their thick
skin they often get
sunburnt.

Never use scissors without adults around!
